

ATTACHMENT C - LOGIC MODEL
ILLINOIS LINKING SYSTEMS OF CARE FOR CHILDREN AND YOUTH DEMONSTRATION PROJECT

PROBLEM	SUBPROBLEM(S)	ACTIVITIES	OUTPUT MEASURES	OUTCOME MEASURES	
				Short-term	Long-term
<p>Limited & sporadic assessment for trauma from victimization or exposure.</p> <p>Poor linkage to services within & across systems.</p> <p>Limited access to quality services.</p>	<p>Limited understanding of the problem.</p> <p>Siloed thinking, responses, & funding.</p> <p>Lack of coordination within & across systems of care.</p>	<p>Convene Coalition for strategic planning.</p>	<p>Coalition membership list.</p>	<p>Buy-in from key stakeholders across systems of care.</p>	<p>Increased feelings of safety & justice in youth & families.</p>
		<p>Review/analyze policies, practices, & protocols.</p>	<p>Timeline of meetings & materials.</p>	<p>Greater awareness of trauma & its impact.</p>	<p>Improved social-emotional well-being in youth & families.</p>
<p>Poor linkage to services within & across systems.</p>	<p>Lack of coordination within & across systems of care.</p>	<p>Identify strengths & gaps in assessment, linkages & services.</p>	<p>Plan for network collaboration, communication, & growth.</p>	<p>Improved collaboration & coordination across systems of care.</p>	<p>Decrease in secondary trauma.</p>
		<p>Survey/interviews/ focus groups with key stakeholders, victims, & victim service providers.</p>	<p>Relevant IRB materials & approvals.</p>	<p>Policies that facilitate linkages to services.</p>	<p>Decrease in trauma symptoms in youth & families.</p>
<p>Limited access to quality services.</p>	<p>Lack of coordination within & across systems of care.</p>	<p>Finalize statewide plan.</p>	<p>Final IL Action Plan.</p>	<p>Policies to support well-being of staff.</p>	<p>Improved health and well-being in staff.</p>
		<p>Implement plan using an iterative process that includes identifying & making changes to the plan as needed, identifying & sharing lessons learned, & planning for program sustainability.</p>	<p>Response protocol.</p>	<p>Expansion of evidence-informed services.</p>	<p>Mid-term</p>
<p>Improve responses to child & youth victims & their families by providing consistent, coordinated responses that address the presenting issues & full range of victim needs.</p>	<p>Establish the Linking Systems of Care Coalition.</p> <p>Conduct a gap analysis/needs assessment.</p> <p>Develop a strategy.</p> <p>Implement the strategy.</p>	<p>Statewide training timeline & content.</p>	<p>Final victimization, exposure & trauma screening tool.</p>	<p>Increase in early identification of trauma.</p>	<p>Increase in trauma-informed responses.</p> <p>Successful linkages to services across & within systems.</p> <p>Individualized services based on needs of victims & families.</p>
		<p>OVC technical assistance engagement.</p>	<p>Final victimization, exposure & trauma screening tool.</p>	<p>Increase in trauma-informed responses.</p>
